#SITNL

#SITNL No.11

Entered our 2nd decade!

Great community spirit

10th celebration

Some facts

- Started with like 30 participants, in beginning emailing everyone to reach the 50 each year. Now > 100 and need to set a limit
- We have travelled from Eindhoven to Den Bosch and vice versa, and now back in Den Bosch since some years.
- We were sold out in like 7 days. **You guys and girls didn't even know a schedule** or any idea of a speaker or content. Thanks for signing up with us!
- The earlier the TechEd, the earlier the sitNL in the calendar....
.....The later we start with preparing 😊 ← hmm, something is not right here

Brand-new **SAP Experience center**.
A big thanks to Twan and SAP!

BIG THANKS! to the
Organizing TEAM

Jan

Fred

Ronald

Really had real great help of
Susanne Bottemanne (SAP)

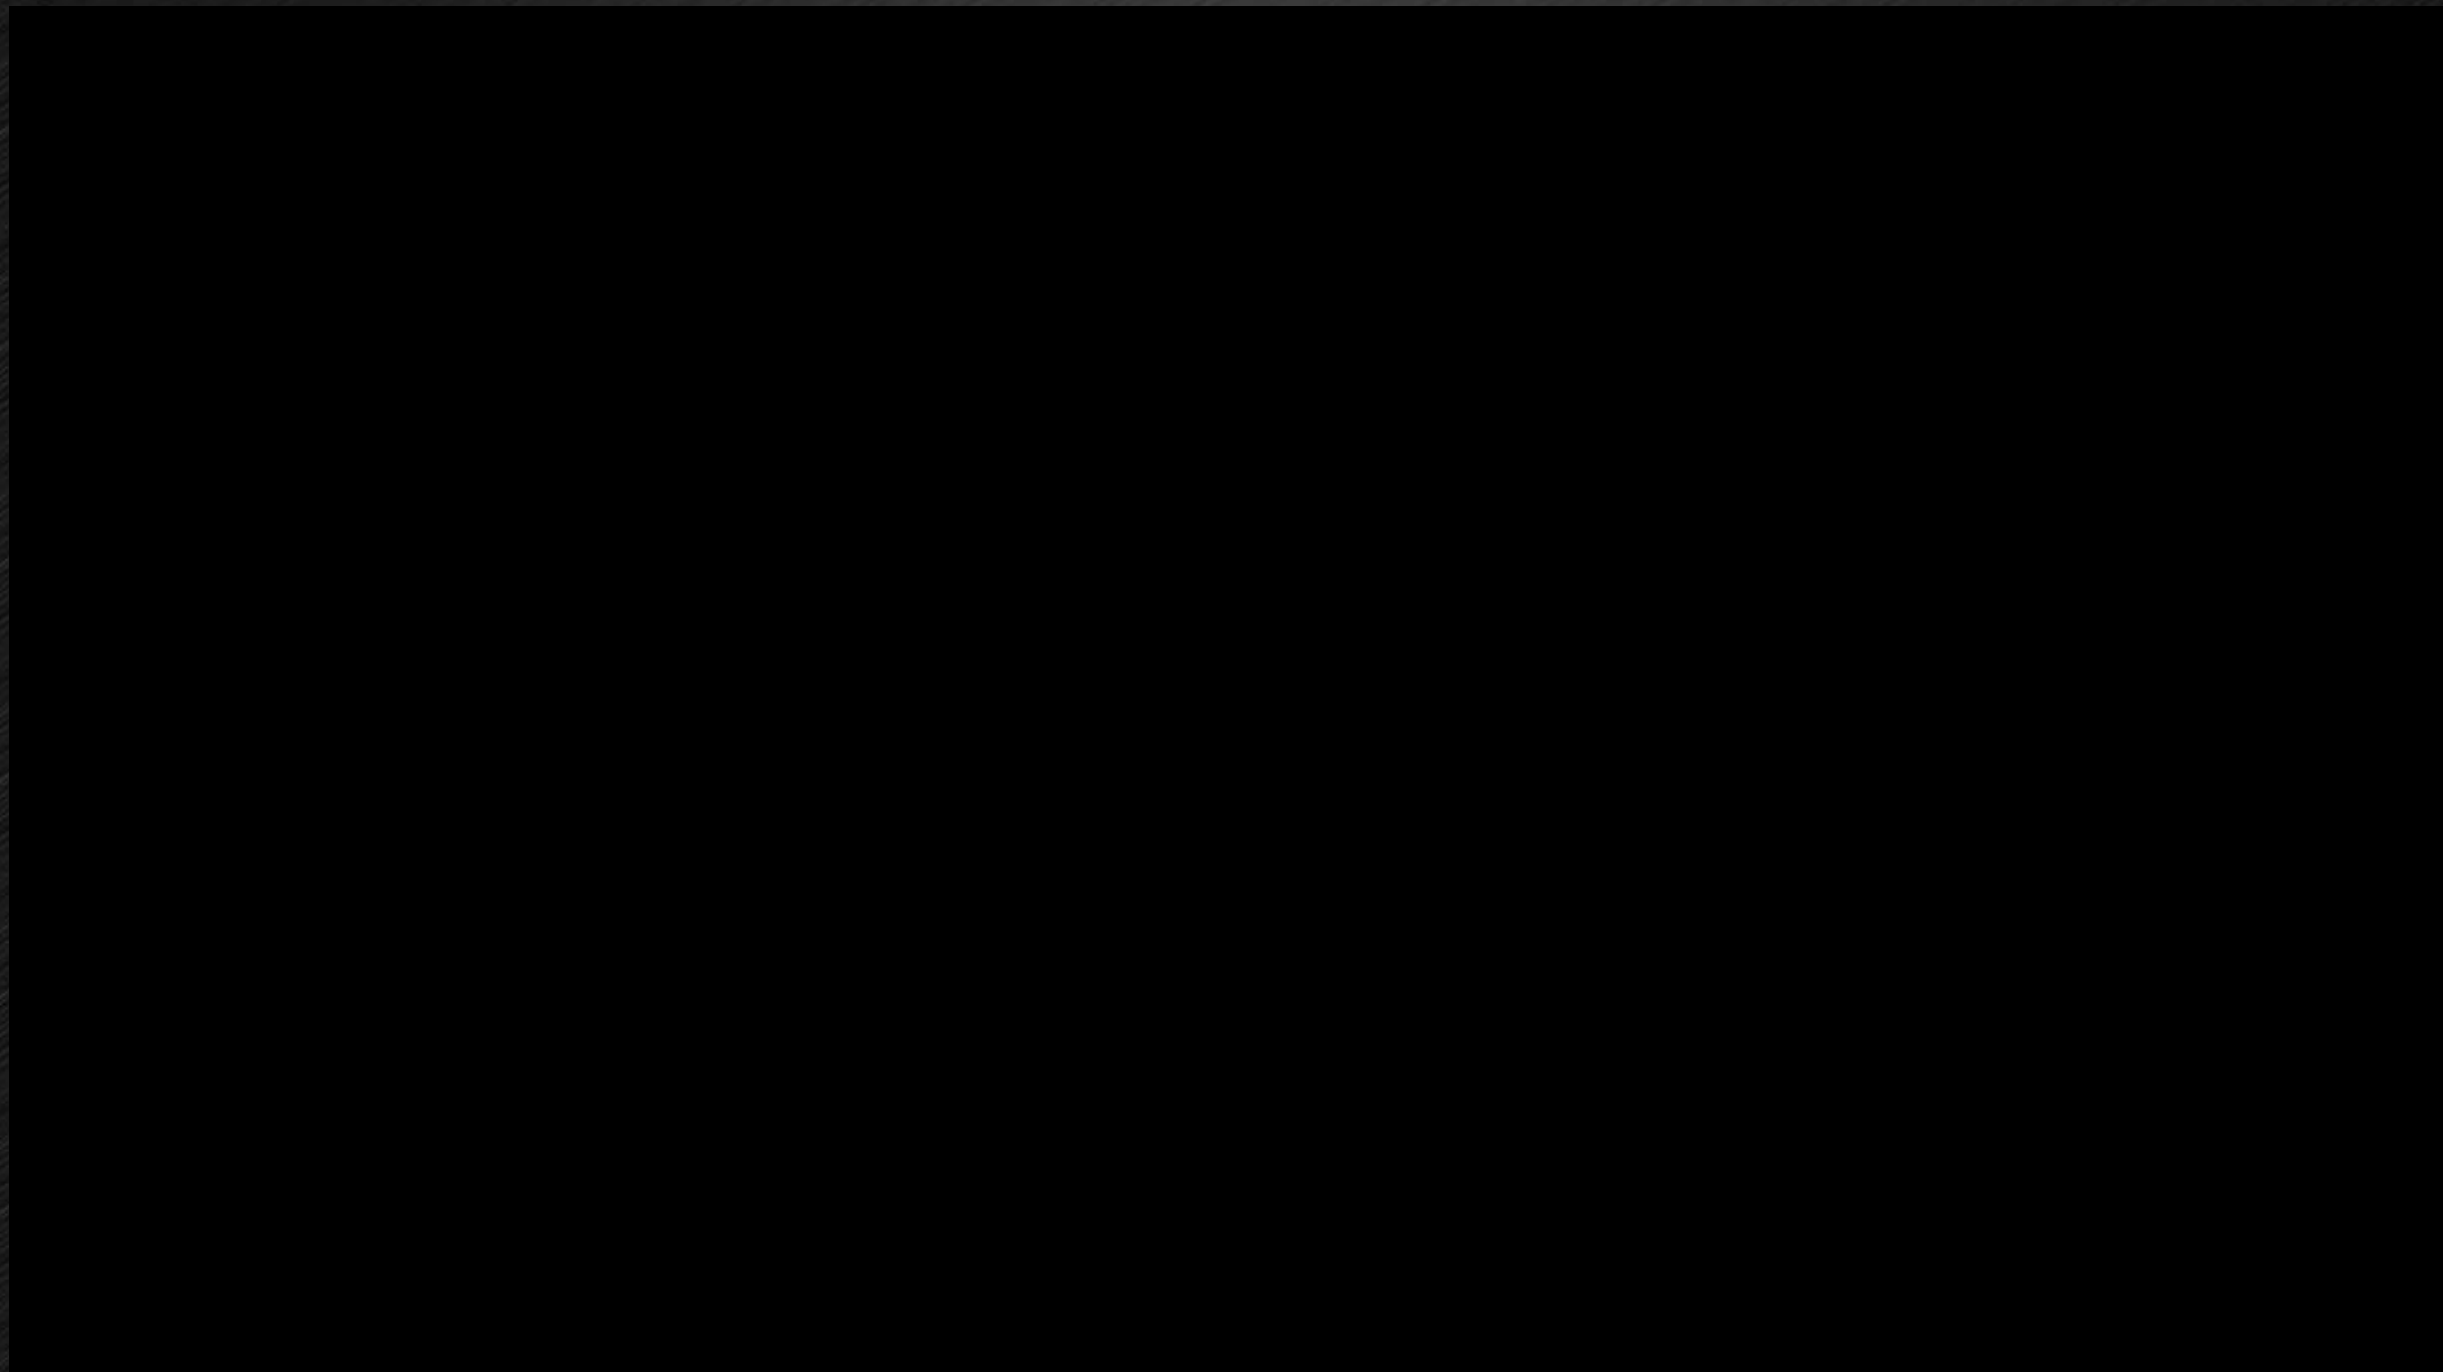

Know this guy?

Twan

Thanks to our **sponsors**

16 00 BEAUBOURG-LA-REINE: GILLES GASTON-DREYFUS

The AGENDA

Yesterday

BUILD YOUR OWN CHATBOT WITH SAP CONVERSATIONAL AI

As one of the two pre-sitNL masterclasses, you are invited to join us for a hands-on session on Chatbots with AI. We start with a short theory session to get you inspired and steamed-up for the hands-on session. Or better said; 'hands-off' considering the topic?

[Info And Registration](#)

CLOUD APPLICATION PROGRAMMING MODEL

If you're interested in SAP Cloud Application Programming Model, join us in this masterclass session to see an end-to-end scenario where you'll get to see how different technologies integrate and work together while building your solution.

[Info And Registration](#)

Awesome agenda – thanks to all the speakers

3 tracks

Printouts on the wall

And of course on <http://sitnl.nl>

Rooms

Tech 1

Tech 2

BI

|  | 17:25 Pubquiz (plenary) Dick Groenhof |
| | 18:00 Dinner |

Lunchtime 12:00 – 13:00u

Optional during lunchtime:

12:30 & 12:45 : Immersive experience (canteen)
: **Susanne**

12:30 : Experience center tour (canteen)
: **Youssef**

12:30 : Light session (creative space - Tech1)
: **Karol Kalisz** - Basic Sketching Techniques for Flipcharts

Sessions end when you
hear this **sound!**

Practical 'thingies'

- Keep it clean, tomorrow another event here
- Lunch = upstairs – 1st floor in canteen
- Dinner = upstairs – 1st floor in canteen
- Fridges you can take what you like, here and in welcome space
- Toilets are right behind you
- Gates do open when you leave, entering is not always possible since security guard is not in all day, otherwise call someone who is inside.
